

4-1.3 DECISION NO. D-16

METRIC GUIDELINE

Issue:

Guidelines and procedures are needed for implementing the metric system in Indian Health Service health care facilities and quarters construction.

Decision:

The draft technical handbook chapter , "METRICATION," was introduced and approved subject to editorial revision.

These guidelines will be effective immediately.

Reference:

Copies of the draft chapter can be obtained from the Office of Environmental Health and Engineering, Division of Facilities Planning and Construction. This document will be issued as Chapter 1 - METRICATION, Part 16, Volume I, of the Technical Handbook for Health Facilities.

Adopted by HFAC on May 3, 1995.

Gary K. Radtke, P.E.
Chairman, HFAC
